Kit: Locking insert converts nonlocking Manchester into a locking mailbox. Made of black powder coated steel. Locking door: 5" x 5". Incoming mail slot: 6" W x 1-1/2" H. (MAN-LCKIT)

Matching cast aluminum address plaque: 3" gold polished brass numbers. 11" x 6-1/2". (ADD-1410)

Newspaper box: aluminum frame with black masonry box. Frame: 11" x 9-1/4". Insert: 9" x 7" x 15-3/4". (NEW-1415)

MASONRY FLAG

Stainless Steel Masonry Flag with bracket. For use in brick, concrete, stone or stucco mailbox projects.
Flag dimensions: 1-1/2" x 7". (MF-1450)

THE MAILKEEPER COLUMN MAILBOX

Give your home more curb appeal and yourself more peace of mind, with the MailKeeper masonry mailbox system. Distinction starts at the curb with the MailKeeper, enhancing the beauty of your property and adding an elegant column mailbox that suits your style. The MailKeeper features a beautiful Classic design on the front with hand painted Gold colored highlights. Its large-capacity locking security box is the ideal solution for the busy home owners who don't want the hassle of forwarding mail, or the risk of mail piling up showing everyone who passes by that their house is vacant.

BLOOMSBURY REAR ACCESS COLLECTION MAILBOX

Mounted through a masonry wall or fence, mail is delivered through the front flap and retrieved from the rear lockable secure access door. Bloomsbury mailbox dimensions: 12”W x 17”H x 13”D. Rear access door opening dimensions: 7”W x 7-1/2”H. Incoming opening dimensions: 9”W x 2-1/2”H. Weight: 15 lb. Options:\ Anti-theft high security plate (HS-PLATE)(slot opening: 9” x 1”). Add the Hanford post (HPFRG) for curbside delivery. (LSF-LS05)

KINGSBURY FRONT OR REAR ACCESS COLLECTION MAILBOX:

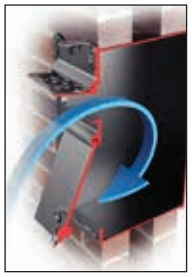
Surface or flush mounted to a masonry wall or fence, mail is delivered through the front flap and retrieved from the front or rear lockable secure access door. Kingsbury mailbox dimensions: 12”W x 17”H x 13”D. Front/rear access door opening dimensions: 7”W x 7-1/2”H. Incoming opening dimensions: 9”W x 2-1/2”H. Weight: 15 lb. Options: Anti-theft high security plate (HS-PLATE) (slot opening: 9” x 1”). (Front Access: LSF-LS03; Rear Access: LSF-LS01)

LETTASAFE COLLECTION BOXES

Made from quality materials and manufactured in England, these large capacity mailboxes offer secure mail storage. The front and rear castings (including the door and flap) are made in English foundries from solid LM6 grade aluminum. The inner compartment sleeve is manufactured from sturdy zintec coated steel, and internal components are made from solid brass or stainless steel. For long life, all metal components are phosphate coated before being finished in a durable top quality powder coat finish. The lock is made from tough black polycarbonate.

- Large capacity, secure mail storage.
- Mount in masonry walls, columns, and fences.
- Lockable door supplied with 2 keys.
- Top quality black powder coat finish.
- Castings are made from solid aluminum.
- Mail container made from zinc coated steel.
- Manufactured in England.

Personalize with your property name or address number in vinyl.



LIBERTY REAR ACCESS COLLECTION MAILBOX

Mounted through a wall, mail is delivered through a conventional letter plate. The mail then passes through a chute, drops into a collection box and is retrieved from the rear lockable secure access door. The chute depth can be adjusted to match the thickness of your wall. The chute is held in place with masonry and silicone adhesive (not provided). Liberty mailbox dimensions: 11-1/2”W x 16-1/2”H x 14”D. Rear access door opening dimensions: 7”W x 7-1/2”H. Incoming slot opening dimensions: 9”W x 2-1/2”H. Weight: 18 lb. Options: Letter plates available in antique copper, black, bronze or silver. Adjustable chute to match the thickness of your wall. (LIB-LM6)

LIBERTY LETTER PLATES & CHUTES

Liberty letter plates and chutes may be purchased separately for installation into front doors, garage doors, walls or masonry. The letter plate is made from solid aluminum and powder coated in a choice of antique copper, black, bronze or silver. Liberty letter plate dimensions: 12-1/2”W x 5”H x 1”D. Incoming slot opening dimensions: 9”W x 2-1/2”H.
Chute sizes: 4-6in, 8-10in, 8-14in adjustable.

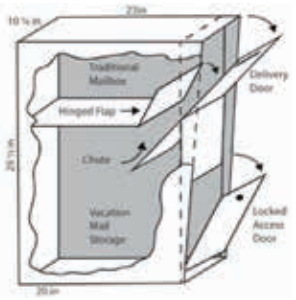
Add a Prestige brass plaque to most mailboxes

THE VACATION LOCKING MAILBOX

This large capacity security mailbox, made of durable powder coated 18-gauge steel, will keep weeks' worth of mail safe. A hinged flap allows you to choose where your mail is delivered. For everyday use, put the hinged flap in the down position, so mail is delivered to the non-locking storage area. When you go on vacation, put the hinged flap in the up position, so mail drops down into the secure locked storage area. The sturdy hinged hopper door is large enough to accept small packages. The locked access door features a hook latch locking system that latches through the frame. The mailbox is labeled inside, providing simple, easy to follow instructions for the delivery carrier. Powder coated black finish. Dimensions: 10-1/4" wide x 29-1/2" high x 23" deep. Optional 4" x 4" in ground black post (2mm thick).

Products:
The Vacation Locking Mailbox (WF-VACMB), The Vacation Mailbox Mounting Post (WF-VACPST). The Vacation Mailbox with Post (WF-VACMB-PST) or add a stucco column



Hook Latch Locking System: Heavy duty hook shaped cam latches through frame

LETTERSENTRY LOCKING MAILBOX

This economical locking mailbox features an 18-gauge galvanized steel body and door. It accepts larger pieces of mail and smaller packages. Convenient outgoing tray is also an internal baffle to help keep unwanted hands from reaching into the mail storage area. The LetterSentry can be mounted on most wood posts, the direct burial standard steel post or decorative Westhaven square post. Durable black powder-coated finish. Dimensions: 10-1/4" wide x 15-1/4" high x 19-1/4" deep. Incoming slot: 10" wide x 1-3/4" high. Outgoing tray is 10" wide x 6" deep. Standard Post: 48" long x 3" diameter (post is 12-gauge).

Products:

A. LetterSentry Locking Mailbox (LSLM-2000)

B. LetterSentry Mounting Post (LSLM-PST)

C. LetterSentry mailbox, Westhaven Deluxe post with #S7 finial (WPD-SB1-S7-LSLM-2000)

SIGN SYSTEMS

Let us design a street sign system that not only meets your community signage requirements, but can also match your mailboxes, golf course and directional signs. Our street signs are constructed entirely of aluminum and stainless steel and will not rust or rot.

Street sign blades and frames are made of cast aluminum. Specify either hanging (H) or bolt-on (B). Sign frames for all residential traffic sign shapes can be bolted onto the pole. All signs are built to DOT specs which measure 7' from bottom of first sign to ground unless designated otherwise. Overall height is determined by configuration. Poles come in three lengths: 14', 12', and 11'. Pole diameter is 3" OD or 4" square. Black is the standard color for street sign poles. Custom pole colors available.

We have all grades of DOT sign faces available. Our signs meet current DOT regulations for reflectivity in most communities (higher grade reflectivity available). Just let us know your requirements.
